CELEBRATING LIFE IN THE EAST BAY

LUXURY LIVING

A Dreamy Home on the Bay

Ideas to inspire all who aspire to live by the sea

The interiors of the 2006 *Coastal Living* Idea House are designed by Lynn Morgan Design, a specialist in coastal interiors.

The *Coastal Living* Idea House at Carnegie Abbey's community in Portsmouth is open for tours through mid November. The home, which enjoys views of two bridges, is decorated in a crisp nautical style with lots of blue and white, and has many features typical of a yacht interior. All of the home's artwork reflects a connection to the sea, including an abundance of beautiful sepia-tone photography of Newport.

The Idea House will be featured in the November 2006 issue of *Coastal Living* magazine. It celebrates the best in coastal home innovation, décor and construction, and was built in Portsmouth, a coastal community hand-selected by the magazine for environmental consciousness and sensitivity to shoreline preservation. Tickets are \$15 and may be purchased at the door. Call 866/854-4072.

The dream house kitchen, which looks like a yacht interior, is accented by Viking appliances in royal blue finishes.

This fabulous home at 231 Carnegie Harbor Drive covers more than 5,000 square feet and has expansive porches overlooking Narragansett Bay.

The comfortable and casual New England decorating style is replete with beachy touches, such as this stunning over-sized piece of coral.
